CAREER OBJECTIVE

Final-year B.Tech Information Technology student with hands-on exposure to Python, C, HTML, CSS, and web development through academic projects and internships. Eager to learn, grow, and start my career as a developer, contributing to real-world projects while building on a strong technical foundation.

EDUCATION

B.E./B.Tech. in Information Technology — Arunachala College of Engineering for Women | Expected Graduation: 2027

CGPA: 8.26/10 (up to 6th Semester) | University: Anna University, Chennai

HSC / Class XII — Government Higher Secondary School, Aralvaimozhi | 2023 | Percentage: 72%

SSLC / Class X — Government Higher Secondary School, Aralvaimozhi | 2021 | Pass

TECHNICAL SKILLS

- **Programming:** Python, C
- **Frontend:** HTML, CSS, JavaScript
- **Database:** SQL (Basic)
- **Cloud:** AWS (EC2, IAM, VPC, S3)
- **Tools:** Git, GitHub, VS Code, Jupyter Notebook, Google Colab

PROJECTS

Titan Subscription Management System

HTML, CSS, JavaScript, Local Storage

- Developed a responsive subscription management app with plan-based pricing, user registration, login, and Local Storage-based authentication. Deployed on GitHub Pages.

MoodScape

HTML, CSS, JavaScript

- Built an emotion-based experience generator with mood-based background theming, personalized messages, music suggestions, and mini challenges. Deployed on GitHub Pages.

LifeOS PRO

HTML, CSS, JavaScript

- Developed a personal dashboard for tracking life goals, skills, and achievements, with theme toggle and PDF export. Deployed on GitHub Pages.

INTERNSHIPS

Python Programming with AI & ML (Data Science) – Srishti Innovative Educational Services

 | Jul 2025

- Worked on Python-based data science fundamentals including data handling, analysis, and basic ML concepts.

Cloud Computing Intern – JCS Infotech

 | Dec 2025

- Gained hands-on exposure to AWS (EC2, IAM, VPC, S3) and learned to create and configure EC2 instances.

CERTIFICATIONS

- Front End Technologies – IBM & Naan Mudhalvan Scheme, TN Skill Development Corporation
- SkillSprout – Git & GitHub Workshop
- Next Gen Full Stack Development with DevOps And AI Algorithm
- C Programming – A Practical Approach
- Java Certified Foundation – Basic Concepts & Patterns — Infosys Springboard
- Data Analytics MasterClass — NoviTech R&D

ACHIEVEMENTS

- Campus Ambassador — SkillSprout
- Best Performer of the Week – SkillSprout Campus Ambassador Program
- Top Prompt Creator — Google Student Ambassador Program
- Participated in National Level Technical Symposium (Paper Presentation)
- Participated in College Sports Event (March Past)

SOFT SKILLS

Problem Solving | Teamwork | Adaptability | Quick Learner | Time Management | Communication
